**Helena Woodruff, Editor-in-Chief**

**Major/Minor?**  
Communication Studies Major with an emphasis on Journalism, Writing Minor.

**Interests?**

Writing, music, anything to do with the country, family, friends, and going to New York to study journalism.

**Why do you work for the Sword?**

I work for the Sword because I want to become a writer or an editor for a newspaper. I have always had the dream to be a writer in general, but it has now turned into being a journalist also. The opportunity arose to become the Editor-in-Chief of the Sword, and there was nothing I could do but jump at it!

**Things you enjoy doing in your spare time?**

As of right now I really enjoy the simple things in life, like doing absolutely nothing! I am so busy that "nothing" is what I do when I get the chance.

**One thing people would most likely never guess about you?**

I am from the middle of nowhere, and I like it that way.

**Things you enjoy doing in your spare time?**

With my spare time I write, watch TV, eat, play with babies, and pretend I'm Drama from Entourage.

**One thing people would most likely never guess about you?**

Most people wouldn't guess I lived with the best punter in the NSIC.

**Brennan Blomgren, Opinion Editor**

Theater and Communication Double Major with a Writing Minor

**Interests?**

Writing, Comedy, Games (And all kinds), Caffeine, Hanging out with my friends, Sci-Fi/Fantasy, Reading

**Why do you work for the Sword?**

Because it is a great way to contribute to the CSP community by sharing ideas, opinions, news, and the occasional laugh. I figure that school is stressful, and anything I can do to brighten a student's (or even teacher's!) day is something good.

**Things you enjoy doing in your spare time?**

If I can play it, I do it. With cards, on a board, on a computer, television - anything. I'm honestly not even remotely picky. I also write a few fantasy/sci-fi stories in my spare time that someday I'd like to publish.

**One thing people would most likely never guess about you?**

I'm actually a pretty laid back guy, when it comes down to it. Yeah, I often present myself as a spaz, but at home I'm more or less chill.
