BACK COVER

CU Homecoming

Greetings faculty, staff and students of Concordia University, St. Paul.

As the school year begins I know we are all already busier than we thought possible. But I hope you all can make time for the fun things that the fall brings such as bonfires, cool nights, red leaves, campus events, and of course football in the new Seafoam Stadium!

To the first year students here at Concordia I would like to welcome you to our community. A little advice, make sure you try to get involved with things on campus because it makes the experience all the better. It is always good to get involved so you meet people and become a part of the college atmosphere.

The new theme for the 2009-2010 academic school year is, "The Light Shines in the Darkness." We should all keep this in mind as the school days press on, I think it can give everyone a piece of hope when those endless hours of work start to pile up, or with any other situation the stressful year may bring.

Again welcome back to Concordia, and I wish you all the best in the upcoming weeks of the semester!
